
Samford Scout Group uses ' Stack Team App ' as our primary way of two way communication with Scouts, Parents, Leaders and Adult Helpers

Inside ' Stack Team App ' we have for all sections an event calendar, weekly program information, all contact names and details, a document library, a picture gallery and much more.

We ask that every parent ensures that they are connected to the Samford Scout Group via ' Stack Team App '

How to join your Scout Unit Team which is already on Stack Team App
